

A NEW LIFESTYLE AHEAD?

Becoming a holiday home owner at Flower of May is often the beginning of a quieter, more considered way to enjoy time away. Ownership gives you the freedom to return to a place that feels familiar, comfortable and entirely your own.

If you want to find somewhere not just for you, but for your family to enjoy too, our parks offer a great base to unwind, explore and enjoy everything Yorkshire has to offer.

Ownership at Flower of May comes with the added comfort of the parks being family-owned and family-run. The Atkinson family diversified from farming over 50 years ago and after continued success acquired other parks across Yorkshire. All with **low site fees**, clear pricing and **no age limit** on your holiday home.

Across our parks, you will find peaceful settings, well kept grounds and a sense of community that grows naturally over time. Many people start their journey simply by wanting a reliable place to escape to, whether for weekends, school holidays or spontaneous days by the coast or countryside.

There is no pressure to have everything decided from the start. Exploring different parks, holiday home styles and ownership options is part of the process, and our team is here to help you understand what is available at your own pace. For many, it is less about making a purchase and more about choosing a new way to spend their leisure time.

Welcome

Over the years, Graham Atkinson has lovingly built up an incredible private collection of vintage cars, motorbikes, and commercial vehicles. It's not just about the vehicles though - it's about stepping back in time. As you walk around, you'll feel the magic of an old-time fairground, hear the wonderful sounds of mechanical organs playing, and stand in awe of the magnificent showman's engine. It's a place to explore, enjoy, and soak up the atmosphere, whether you're a lifelong enthusiast or just curious to see something truly special.
